To Whom It May Concern

I would like to record our sincere thanks for the wonderful way your firm, **Shakthi**, has exercised their contractual duties at Murrays Bay Intermediate. In all my 29 years as a Principal I have not encountered such a competent group of people from the building industry.

Your time with us has been characterised by flexibility, a high level of understanding around the school context, and advanced personal people skills. To have the building completed before the expected planned time has been exceptionally welcome to our school community.

We are rejoicing in the high quality finished product. It is innovative, functional and well built.

I would recommend your firm to any person or organisation who is considering a building programme.
